

websms Offers Professional Messaging Solutions via Web, Email, Gateway or Directly Out of Excel (Online) on the Microsoft Office 365 Platform

OFFICE 365 APP BUILDER PROFILE: websms|

Since 1999, websms has sent billions of messages in conjunction with partners in the mobile communications sector. We provide a variety of high-quality mobile messaging solutions for various use cases. Throughout the D-A-CH region, over 3,000 business customers trust our expertise in sms.

WHAT WE OFFER

Using Microsoft Excel (Online) for contact management?

websms simplifies your process! Send your SMS messages directly and easily using Microsoft Excel. You reach everybody within a few seconds. In addition you reduce your workload by contacting your customers without needing other software.

Test websms for free!

You can try out every websms product including all additional options with the Excel plug-in for 14 days. That includes 50 free text messages, and of course our customer service is here if you have any questions at all. After 14 days, your test account expires automatically.

One account – several options

websms offers a variety of different approaches to send SMS apart from Microsoft Excel (Online):

- via web interface
- via different APIs
- via email

You choose the channel that fits best for you.

What are typical use cases?

Two-factor authentication, mobile marketing, reminders for deadlines or appointments, internal staff coordination and communication, ordering processes, happy birthday wishes, other crm messages, and more... **Everything is possible.**

WHAT OUR CUSTOMERS ARE SAYING

"websms Business SMS Solutions are easy and quick to use. The personal support operators are customer-oriented and reliable." – Jenny Beat, Bearer, Garagen-Marketing GmbH

KEY USE CASES

BUSINESS-CLASS EMAIL

Gain large, 50GB mailboxes with your own custom domain that can send messages up to 25MB in size, with contacts, shared calendars, and spam and malware protection. Available on PC, Mac, Windows Phone, iPhone, Android, and more.

CLOUD STORAGE

Get 1TB to store, back up, and share files, accessible from almost any device, and even offline.

MEET ONLINE

Hold scheduled or ad hoc online meetings for up to 250 participants, with screen sharing, audio and video, virtual whiteboards, polls, and shared notes. Anyone can participate through any HTML5 browser.

COLLABORATE, CHAT PRIVATELY

Set up a social network that helps your company stay connected, share information across teams, and make faster, more informed decisions.

SAVE YOUR COMPANY MONEY

Office 365 is available as a simple monthly subscription. Avoid large up-front costs for new software while moving the cost of IT from capital to operating expense. And without on-premises servers to run email, websites, and document storage, you can reduce energy costs and save by no longer purchasing new server hardware.

SCALE YOUR BUSINESS QUICKLY AND FLEXIBLY

Office 365 grows with you on the Microsoft Azure cloud. Adding a new user is as simple as buying an additional license, which allows access to business critical technology on up to five PCs/Macs and five mobile devices. Office 365 provides many plans to fit the right capability needs and price points for each user in your organization.

TECHNICAL SUPPORT

Your Office 365 subscription comes with 24/7 support from a global network of experts, with 1-hour response for critical, service-impacting events.

FINANCIALLY BACKED SLA

Get peace of mind knowing your services are available when you need them with a financially backed, 99.9% uptime service level agreement.

SIMPLIFIED IT MANAGEMENT

Reduce headaches by reducing your IT infrastructure. Content lives safely in globally distributed data centers with continuous backup and disaster recovery abilities.
